

Lux Chronos Intensive Hydration Therapy

Professional beauty therapy consists of a course of treatments, along with a daily home regimen, that restores the skin's aqueous balance, effectively smooths wrinkles, and protects the skin against biological aging and photoaging.

Main action

Diminishing the marks time leaves on the skin (deep wrinkles, fine lines, reduced elasticity), deep hydration, nourishment, antioxidation, stimulation of collagen and elastin production.

Indications

Deep wrinkles, fine lines, expression wrinkles (forehead, contour of the eyes and the lips)

Session duration

60 minutes

Frequency of treatments

2 times a week

Counterindications:

Counterindicated in case of herpes zoster.

Secondary action

Reducing dark circles around the eyes

Skin types

Normal, dry, combination.

Home Daily Regimen: After Therapy Nonstop Action

The treatment is completed with three products

for daily skin care, to be applied in the morning and in the evening (please apply them exclusively and use at least one unit of each):

- Chronos Hydra Correct Serum
- Chronos Hydra Correct Cream

Treatment Protocol

Chronos Therapy

Stage 1 Skin Preparation

Step 1:- Cleansing

Use Juliet Armand Elements Make-up Removal (optional) to thoroughly clean the face and neck, removing make-up. Remove with a damp cotton pad.
Use a clarifying or sensitive cleansing gel to clean the skin and remove excess oil and dirt.
Apply AHA preparation lotion to prepare the skin and enhance the efficacy of cosmetic products. (for all skin types).

(Total duration: 3 minutes).

Step 2: Steam

Apply Steamer for 7 minutes.

Step 3: Enzymatic Exfoliation

The choice of Elements enzymatic peeling on the delicate skin all over the face, including the eye contour, offers gentle exfoliation without causing irritation. It has brightening effects and acts as an eye protector. Exfoliating Enzyme Mask (7g) & Exfoliating Enzyme Lotion (10 ml)

Leave it until it's dry and then remove it with cold water.

Stage 2 with Chronos Kit

Step 1: Peeling System

Apply 1.5 mL of Peeling Gel Step 1 (Salicylic Acid 1.5%, Glycolic Acid 10.5%, Urea, Kerato-plast, A-Bisabolol) to the face and neck, focusing on wrinkles, using light circular motions until absorbed. Be careful not to get it in the eyes. In case of skin irritation, rinse with water and continue with the protocol as normal.

(Approximately Total duration: 5 minutes)

Step 2: Hydra System

Step 2a: Massage 2ml of Hydra Serum Step 2a into the face and neck, focusing on the wrinkles.

(Duration: 4-5 minutes)

Step 2b: Prepare the Hydra C Latex Mask Step 2b by mixing 1 part (40g) powder with 2.5 parts (100ml) water until it turns into a paste. Then, lay a thick layer of the paste on the face and neck, allow it to dry and turn into latex, and remove it by pulling it off. **(Approximately Duration: max 8 minutes)**

(Total duration: 12 minutes)

Step 3: Antiaging System

Step 3a: Apply 2ml of Antiaging Serum Step 3a to the face and neck massaging into the skin with upward strokes and circular motions, focusing on the wrinkles. **(Duration: 5 minutes)**

Step 3b: Apply 5ml of Anaplastic Mask to the face and neck, then leave it for 10 minutes. Massage in for 5 minutes using wet fingertips, then remove with water. **(Approximately**

Duration: 10 minutes)

Step 4: Antioxidant System

Step 4a: Apply 1ml of Antioxidant Oil step 4a on dry skin and massage until it is absorbed, focusing on the wrinkles and being very careful around the eyes. **(Duration: 10 minutes)**

Step 4b: Apply 2ml of Hydra Correct Cream to the whole face and neck using gentle upward strokes until absorbed. **(Duration: 1 minute)**

Apply AQ Mask for 5 Mints

(Approximately Total duration: 11 minutes)

Sun Protection (optional)

Apply 2ml of SunFilm Face Gel SPF 30+or SPF 50, depending on the time of day the session takes place.

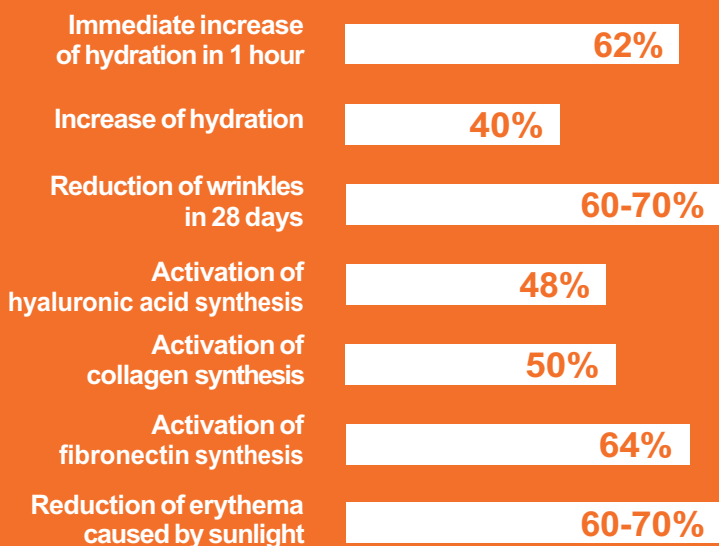

(Approximately Total duration: 1 minute)
